LETTER FROM THE CHAIRMAN

It's been a great year for the Herbalife Family Foundation and most importantly, for the children we serve.

Thanks to your commitment and generosity, we continue to expand our Casa Herbalife program, improving the lives of more and more children every year. In 2017, we opened eight new Casas serving more than 3,000 additional children in seven countries. In 2018, we expect to do more.

The countless hours you give so selflessly, the financial support you provide and the love and care you show to the children in our Casa Herbalife programs is heartwarming. We couldn't do it without you.

Because of you, we are making the world healthier and happier. You have our sincere and heartfelt gratitude.

LETTER FROM THE EXECUTIVE DIRECTOR

Dear friends and supporters:

After five years with the Herbalife Family Foundation, I am thrilled to be serving as its executive director. Since my first day back in 2012, I've been inspired and humbled by the outpouring of gratitude from the children and families we support. It's the tangible impact we have that makes me so proud to lead this organization.

While our work as a foundation can be evaluated by the number of grants we award each year, the best measure of our success is our ability to keep 100 percent of the promises we've made by continuing to make healthy nutrition available to the children we serve. The hope we bring to children, families and communities around the world would not be possible without your generous support.

I'm excited to be taking this journey with you to bring health and happiness to the children in our programs. Together, we are making a real difference in this world.

With deepest gratitude,

JENNY PEREZ

WHERE IT'S
NEEDED MOST

The involvement of HFF supporters stems from so much more than just financial donations. For years, Herbalife Independent Distributors, employees and friends have visited their local Casa Herbalife program to spend time with the children. These positive interactions with HFF volunteers enforce hope and confidence in children who may have come from abusive or neglectful backgrounds.

The Casa Herbalife program supports the overall wellness of children through financial support to existing charitable organizations around the world.

HAESIM WON

Kim Woo Hyuk came to HaeSim Won because his childhood obesity was holding him back from reaching his full potential. He gratefully took advantage of the nutrition and fitness programs the organization had to offer and is now taking major steps to become healthier.

In addition to a phenomenal nutrition and fitness program, Hae Sim Won in South Korea even has a Healing Camp for children struggling with negative body images to embrace themselves. The program is dedicated to helping children reach their highest health potential and experience life in a positive way.

ACRES OF LOVE

Kugo came to Acres of Love malnourished and abandoned by his mother. At four years old he couldn't verbally speak and had missed many of his developmental milestones. Staff and volunteers gave around the clock care and nutritional resources needed to grow healthier. After many months of thriving in the safe and loving community, Kugo was adopted into a compassionate family.

"Many of our children arrive severely malnourished and extremely ill. Knowing that we can provide them the very best nutrition allows our team to spend their time focused on long-term healing and growth. ALBERGUE INFANTIL LOS PINOS, A.C.

This year we have been able to enhance our Food and Health Program to provide children and adolescents with the opportunity to develop in a healthy environment and guarantee fundamental rights, adequate nutrition and health. These are essential pillars for their intellectual, emotional and social development. The menus at Albergue Infantil Los Pinos, A.C. are prepared according to the specific needs of each child. The prepared meals provide sufficient energy and contribute to a positive mood for the children to make the most of their school, cultural and sports activities.

Likewise, they provide food containing the necessary nutrients to immediately and positively impact the improvement children's and the adolescents' health conditions. This prevents weakness and illness which, besides affecting their bodies, would also affect their families' current and future economic stability.

NEW PATHWAYS FOR YOUTH INC.

Mia is a part of New Pathways for Youth Inc. and was matched with an Herbalife Nutrition Independent Distributor mentor. They have been matched since November. One of Mia's goals was to run a 5K. For Mia, setting goals is not something familiar to her. She lives in instability and chaos, where healthy eating and exercise is not in her normal environment.

Every other month, youth like Mia set 8 week goals. These short-term goals typically support larger, longer term goals. Earlier this year, Mia, with the support of her mentor, set a goal to run a 5k. Using our nutrition program as a role model, Mia wanted to improve her health. She committed to joining her mentor on Saturdays to exercise and together they trained and created a healthy eating schedule. In March, Mia participated in and completed her very first 5K run. Without her mentor and the support of this program, Mia may have never seen an opportunity to make choices that positively impact her sense of self and health.

NUTRE HOGAR

The staff at Nutre Hogar met Ester Keyla when she was a 4 month-old baby girl, showing moderate malnutrition. The Project Nutritionist immediately referred her to the Recovery Center.

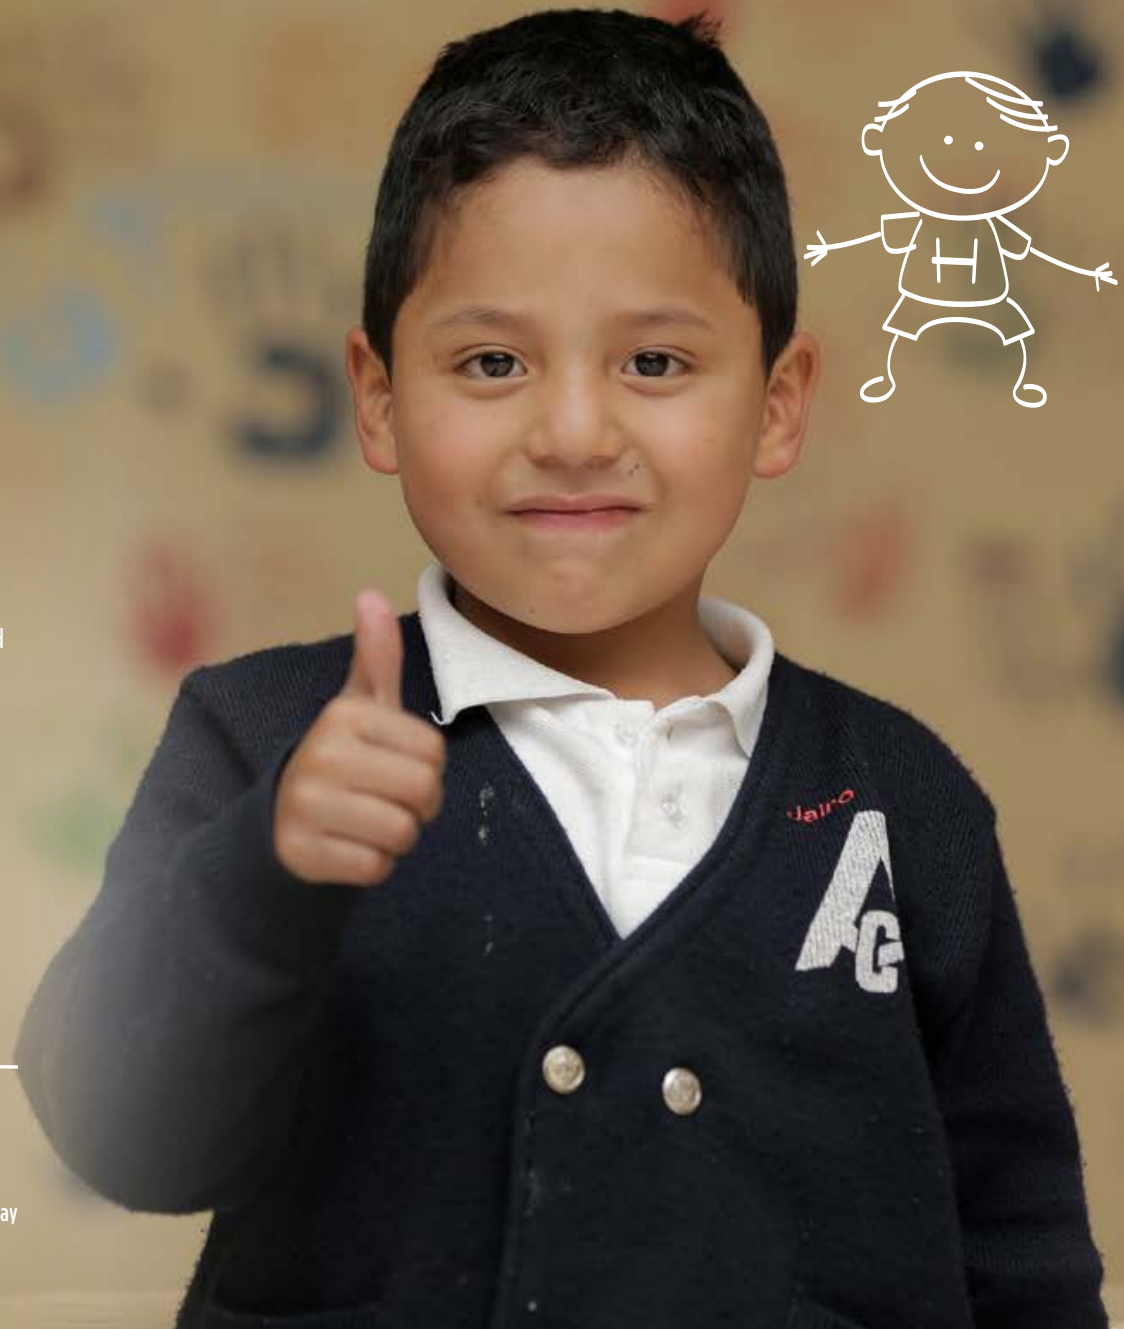

When admitted, she was evaluated by the pediatrician, who diagnosed her with other infections like bronchitis and scabies. She promptly received appropriate medication and dietary treatment to control her health conditions.

As an important part of the recovery process, there was an early stimulation component. Ester Keyla was evaluated for important deficiencies in motor development, where it was revealed she had few skills for her age.

During her stay at the Recovery Center, she progressively showed improvements in her nutritional status and in integral development. She is more active, and mobile, smiles and makes sounds when playing.

FUNDACION DE NIÑOS LA CASITA DE MARIA

“When children arrive at the Foundation they are often in very poor conditions, with high levels of malnutrition and are introverted. With the support of Herbalife Family Foundation, and of course the people who help us every day at the Foundation, we can improve the quality of life of children who receive a balanced diet, psychological and academic support. HFF’s support has been essential, in the way we can have the necessary resources to allow us to improve the quality of life of children.” – PSYCHOLOGIST

2017 HUMANITARIAN WINNERS

Executive President's Team Member Hery Tri Basuki is the recipient of the Herbalife Family Foundation (HFF) 2017 Global Humanitarian Award.

Hery, who resides in Malang, East Java Province, Indonesia, has been an Herbalife Independent Distributor since 2004. While pursuing the Herbalife business opportunity, he was also President Director of a national timber company in Indonesia until 2008, and then President Director at Pacific Fiber Group until 2013. In 2013, Hery decided to focus more time and energy on growing his Herbalife business with his wife.

Hery believes that the more successful he is in business, the more he should give back to those in need. His consistent effort has helped him build a successful Herbalife business, and he has been able to give back considerably to his community. Out of his commitment to education, Hery provided a scholarship which helped several underprivileged children to receive quality schooling. Hery contributed to the construction of an orphanage house and a school in his community. He also teaches foster children and supports other education and social organizations in Indonesia.

HFF awards the Humanitarian Award honor to Independent Herbalife Distributors who exemplify the Foundation's mission and, through outstanding involvement and dedication, have made a significant contribution to changing lives. Nominations are received from around the world and are evaluated based on the nominee's philanthropic activity, community leadership, volunteerism and advocacy. In appreciation of their tremendous commitment, HFF is donating US\$10,000 in Hery's name to his charity of choice. Herbalife congratulates Hery for his inspiring dedication to helping children.

HFF would also like to commend the altruistic efforts of the 2017 Regional Humanitarian winners from around the world.
